

## The Skin I'm In

The skin I'm in  
Does not tell my story  
But it only tells you  
One thing which is  
You can guess my religion  
But you might be wrong

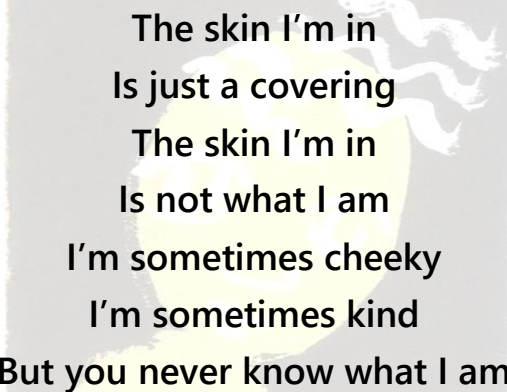

The skin I'm in  
On the outside  
You will see light brown skin  
Brown eyes  
Black short hair  
Wearing clothes  
And black eyebrows

I am a good person  
If you want to know  
My true story  
You have to come inside  
And open your heart way wide

I love my skin colour  
And people can not  
Judge me by my colour  
But they can judge  
By my actions

## The Skin I'm In

The skin I'm in  
Is just a covering  
The skin I'm in  
Is not what I am  
I'm sometimes cheeky  
I'm sometimes kind  
But you never know what I am

The skin I'm in  
Is just a covering  
I'm not a Muslim nor Christian  
I like Guns and Roses  
And also AC DC  
There are people I like  
And some people I don't like

The skin I'm in  
Is just a covering  
I am short and fast  
I like holidays and cricket  
I like Billie-Jo and being with friends
