

Parent Linking

SOME IDEAS TO GET YOU STARTED

1. Invite parents into school and do an assembly – let the children tell the story of their linking journey.
2. Send a letter home to explain what linking is and why you're doing it.
3. Invite parents into school for a workshop where children share something they've learnt on their linking days
4. Use events such as the Great Get Together to bring parents and families together.
5. Do a community clean-up and ask families to join in.
