

Kindness Posters

Imagine a world where everyone is kind. How can we make that come true?

Can you think of any ways to be kind? This could include ways to be kind to your family, friends, others in your community, animals and the world. There are lots of great ways we can be all be kinder. What can you do to be kind today? Why don't you make a list and challenge yourself (and your family) to do as many things as you can on your list?

Why not encourage kindness by making some Kindness Posters to hang up around your home and on your windows for others to see? You can use the posters we have on our website as inspiration or you can ideas of your own.

Which acts of kindness could your poster be about?

Once your poster is finished, decide where you will hang it up. You might even take a photograph of it and send it to your family and friends to encourage them to be kinder too!
