Rule of Law

Today I will

follow and value rules

Big Question

Why do we have rules?

What are
the rules
in the game
'I Spy?'

I Spy Rules

1. Decide who is playing and choose the first spy.
2. The spy chooses an object that all players can see.
3. The spy then gives the first clue by sharing the first letter of the object that they have spied.
e.g. I spy with my little eye something beginning with the letter...
4. Let all players guess.
5. Give another hint if it is needed.
6. The first player to guess the object correctly becomes the next spy.

How do feel about these rules?

We are going to play the game again but we're going to play it slightly differently. This time when we play, there are NO rules to follow...
