If I was Prime Minister...

Today, you are going to have the chance to write a short speech about why you should be the next Prime Minister.

Think about at least 3 things that you will do to make Britain or your hometown a better place after the Corona virus has gone.

Do you have any qualities that make you the perfect person for this job? What are they?

Think about what makes a good democracy- how are you going to make it fair for everyone?

Write all your ideas down and practice what you have written out-loud so that are confidently able to present your speech to others.

1. Write a short, powerful speech.
2. Use language that will inspire and fill the listener with confidence in your abilities.
3. Include some content about being democratic and fair to all.
4. Present your speech confidently to someone in your house

* Bonus- use technology to share your speech with friends or family*

Not all countries have a democracy. Some countries have decisions made for them- this is called a dictatorship.

How would you feel if all decisions were made for you and you didn't have a say in the matter?
