

Making a kindness chatterbox

1. Bring down the corner of an A4 piece of paper and line it up to the bottom of the page. Create a fold and cut off the excess bit of paper. For the chatterbox you will only need the square piece that is left.

2. Fold one corner to the other corner and give it a crease, then unfold it. Then fold the other corner to the opposite corner, you will already have a crease here but fold it anyway and then unfold it.

3. Then take each of the corners and fold them into the centre. Crease the folds as you make them. All 4 corners should be folded in to make a smaller square shape.

4. Flip the paper over and fold each of the corners into the centre as you did on the other side. After this, fold the piece of paper in half along both sides of the paper.

5. Bring the corners of the folded square upwards together. This should create 4 pockets on the other side. Push these out with your fingers and thumbs and you have made your chatterbox!

6. Now you know how to fold the chatterbox, unfold it and create your design. Write 'Kindness Chatterbox' in the centre and then under the paper flaps that lift up, write your acts of kindness. Decorate the chatterbox however you like and then try it out with a friend.
