

'Only One You' Fish Puppet

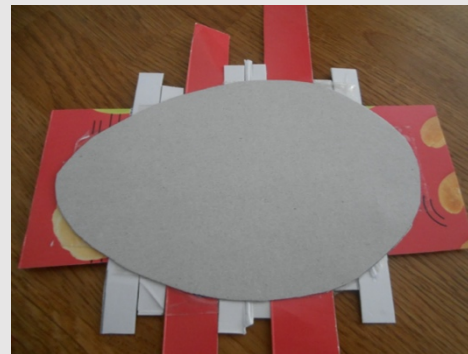

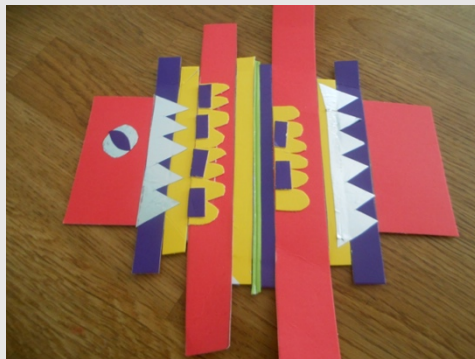

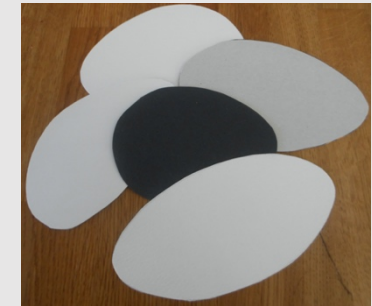

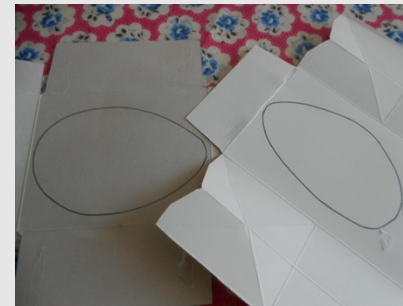

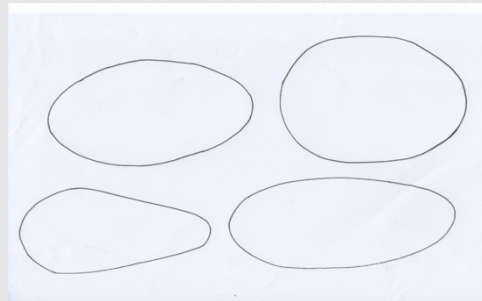

Collect

Card (Use a clean box)

Paint felt pens, pens, crayons

Glue, scissors, and a stick.

First draw your basic fish shape and cut out.

TOP TIP If you are using collage to decorate your fish, stick on your design then cut around the shape when you have finished.

Why not experiment with your fish puppet. Do the shadows change as you move your puppet? Can your fish puppets talk to each other as they swish and swim? What happens to the shadows during the day?

Use paint, felt pens, ink pens or collage with recyclable materials to decorate your fish puppet. Add a stick and begin to swish.
