

Introducing Linking at home

At school we are beginning a special learning journey with a Linking class at [insert] Primary School.

We have thought about what 'Linking' means, **to connect or to join together.**

We have Four important questions.

Linking	
Who am I?	Who are We?
Where do we Live?	How do we all live Together?

We have a question to think about at home too.

How do you feel when you meet new people?

Excited
Nervous
Curious
Unsure
Interested

You can choose your own words too!
