People Equal by James Berry

Some people shoot up tall.

Some hardly leave the ground at all

Yet people equal. Equal.

One voice is a non-sugar tomato

Another is sweet mango.

Yet people equal. Equal.

Some people rush to the front.

Other people feel they can't.

Yet people equal. Equal.

Blow hard on some people they fall.

Hammer others you meet a wall.

Yet people equal. Equal.

One person will sit on a star.

Others never get that far.

Yet people equal. Equal.

Some people never take off with their show

Others are always on the go.

Yet people equal. Equal.
